Gutter Covers International, LLC warrants to the initial purchaser and subsequent owners of Gutter Topper® that for a period of 20 years, from the date of installation Gutter Topper® will not peel, chip crack or blister. Lifetime Performance Warranty

Gutter Topper® is designed to handle all water runoff on all roof pitches up to 15/12 when properly installed. Gutter Covers International, LLC warrants to the initial purchaser of Gutter Topper® that the product will keep gutters free-flowing. Free-flowing is defined as movement, or the act of flowing or circulating. This performance warranty is subject to the limitations, exceptions and other terms and conditions contained within these warranties. Gutter Topper® will perform provided that it is not dented or misshaped. Gutter Topper® is guaranteed to perform for the life of your home.

Conditions

For these warranties to apply, it is required that your gutters first be thoroughly cleaned. Gutters must also be properly sloped, downspouts and underground drains must be cleared of any debris or obstructions and any downspout screens must be removed. Gutter Topper® which has been improperly installed, altered, abused, neglected, subject to accident, improperly serviced or improperly maintained, are specifically excluded from the coverage of this warranty. All warranties will be null and void if Gutter Topper® is not properly installed by a Factory Trained Authorized Dealer.

Exclusions to Warranties

These warranties are granted to the initial retail purchaser and transferable with proof of transfer only, and cover only the manufacturing defects as specified herein. Warranties cover manufacturing defects only. They do not cover any other damage or material failure including, but not limited to, normal fading damage caused by conditions beyond the control of the manufacturer, such as improper installation, settling of the building, failure of the structures (including foundations and walls), use or incompatible equipment, chemical pollutants, salt, fire, flood, ice dams, lightning, windblown objects, earthquakes, hurricanes, atmospheric conditions or other catastrophic weather as defined by the U.S. Weather Bureau, other acts of God, intentional acts, unreasonable uses of failure to provide reasonable maintenance. Gutter Covers International, LLC does not warrant and will not be responsible for any costs, defects or damages with respect to the removal or reinstallation of Gutter Topper® products or components.

Although Gutter Topper® requires virtually no maintenance, there are conditions in certain geographic locations where cottonwood trees, hardwood tassels, excessive tree sap and/or resins from trees can be prevalent in excessive amounts. Under these conditions, Gutter Topper® should be sprayed off with an ordinary garden or pressure hose to maintain performance excellence.

Painting the “specially coated” Gutter Topper® product will void this warranty. Adjustment to or tampering with the custom engineered Gutter Topper® system by unauthorized contractors (painters, roofers, etc.), or misalignment, dents or deflections caused by ladders placed against gutters or Gutter Topper® will void these warranties.

No employee, representative or agent of Gutter Covers International, LLC nor any other person has authority to assume or incur on behalf of Gutter Covers International, LLC any obligation, liability, responsibility in place or in addition to these warranties.
